

### Corrections for „Kaspar Hauser and Karl König“

Page	fault	correction
2	Frontispiece	By Konrad Hitz (In the Germanic Museum, Nürnberg)
33	Line 11	“those” is doubled
41	Line 16	“staying” (better would be “retained”)
60	Line 7	“of <b>the Anthroposophical Society</b> in March”
64	Line 5 from bottom	“several weeks”
152 + 156		The lectures were in the “Schreinerei” - the Goetheanum carpentry.
112 + 141	Pictures	The pictures should have been in colour. We have placed these now into the “Workshop” online for readers to see. We have also added the painting by Kaspar Hauser which was in the German edition.
Appendix		Unfortunately the biographic note about Alan Thewless who assisted with the astrological questions was forgotten. This is also now in the “Workshop”.
