*A Member of the International Camphill Movement*

## *Welcome to the Karl König Institute!*

**Karl König** was physician, social visionary and founder of the Camphill Movement – now a world-wide movement for therapeutic intentional community based on a spiritual understanding of the human being. He was a prolific writer and speaker, leaving a profound legacy of research and ideas still highly relevant to our times.

The **Karl König Institute for Art, Science and Social Life** was founded to look after this legacy (the **Karl König Archive**), to publish his works (the **New Edition** in English and German, including a growing number of translations into other languages) and to connect to his manifold ideas and innovative initiatives in the context of today's questions and problems. In doing so collaboration has evolved with many research institutions internationally and a number of interesting projects have grown, the biggest of them being the **Kaspar Hauser Research Circle**.

See our websites:

[www.karlkoeniginstitute.org](http://www.karlkoeniginstitute.org)

[www.kaspar-hauser.net](http://www.kaspar-hauser.net)

Perhaps the best known outcome and most central part of Karl König's work is the ever developing Camphill Movement. For this reason the Karl König Institute has begun to create a **Camphill Archive**, centered around the birth place of the Camphill Movement, near Aberdeen in Scotland, where rooms have been dedicated to this work (the Karl König Archive in Camphill Estate, where König lived and worked for most of his life, and the Camphill Archive in Newton Dee Village, where many of his lectures were held). This Archive – as with all tasks of the Institute – are, operationally decentralized and thrive from the cooperative striving of diverse regional groups in various places across the world.

***For the growing work of the Karl König Institute we need friends!*** Some friends can offer their abilities – many tasks can only be done with donated time, whether it is typing, translating, scanning and filing or many other jobs that need doing to keep our jobs running smoothly, but also in reading documents, and furthering the research.

But friends are also needed to help finance the Institute. Without this financial support, the many-sided work of the Karl König Institute could not survive. Even a small contribution, given regularly, means a lot. Apart from some financing that is possible from the Camphill Movement, the contributions of our friends add up to be our only secure income. We would be honored and grateful if you would join the Friends of Karl König Institute with an annual donation – which could also be a monthly payment – amounting to € 50.00. This will mean a great deal to continuing our work!

Could you become a **Friend of the Karl König Institute**? Of course we like to stay in contact with all our friends, which is why we invite you to our events and welcome you to invite us for an event in your area...! We offer lectures on many subjects related with the fascinating biography of Karl König, general Anthroposophy and in connection with the many research themes König worked on – from history to economics and from architecture to zoology.

You can find these subjects on our newly launched website:

<https://www.karlkoeniginstitute.org/en/subject-areas.asp>

But we also send a Newsletter for Summer and Winter each year with many interesting articles which keep you updated about our work. These **Newsletters** are also available on our website.

With 10 years of work on the New Edition of Karl König's works have made 18 volumes possible, both in English and German and 20 informative Newsletters are waiting for you. We hope you can be part of our journey into the next 10 years!

With thanks in advance,

**Richard Steel** – Managing Director

**Cornelius Pietzner** and **Christoph Hanni** for the Board of Directors
