The Next Step

The next step for Karl König's drawings for the Calendar of the Soul is in December 2025, when they are scheduled to be at the Tel Aviv Museum of Art, where Richard will give lectures.

Karl König's artwork will be part of an exhibition featuring the contributions made by refugees from the Second World War to the cultures of the countries into which they emigrated – including Mark Rothko and Steven Spielberg.

The Institute hopes that the impulse of the Calendar of the Soul can offer a seed of peace.
